

Daycare Memo

To: Interviewing Parents

Hello! Thank you for your interest in our daycare. Whether you are changing daycares or starting daycare for the first time, we understand how traumatic it can be for both the parents and children involved. Finding a daycare that meets your child's needs and at the same time finding a provider that you feel you can entrust with your child(ren) can be very nerve racking. We feel it is very important for the parents and the provider to have an open and friendly relationship to best meet the needs of your child(ren).

To tell you a little bit about our family: Our names are Glen & Juanita Kilpatrick. Juanita's mom, Ms. Jackson resides with us. We are married and have one adult son who resides outside of our home. We chose to do daycare because of our love for children. Glen has worked in the Public School System for many years as an Aide. Juanita has taken care of children her entire life, whether it was her own or always caring for family members and the neighborhood kids. We are licensed with the state and are required to have the proper trainings and certificates to facilitate your kids. We operate a controlled, educational & family-oriented daycare where your child's safety & care are our number one concern.

The Assistant's name is Melissa Twiggs, and she is the mom of a precious two-year-old girl. Melissa has a lot of experience with children, as her resume is indicative of that, along with her love for children. Melissa will be here daily and will interact with the children as such.

Our daycare is a group daycare with a family setting. Although we will have many projects & activities, we are not a preschool. We will care for your children with family as a setting, with a focus on life skills to prepare them for the school environment. We will cover respect, sharing, manners, following instructions, responsibility, anger control and problem management, just to name a few. We feel these skills are mandatory for your children to integrate into the school system & to flourish into whom they will grow up to become. We ask that we all work together to accomplish these goals.

We accept children between the ages of 6 Weeks and School Age.
